PRE-CONFERENCE EVENT: MASTERING REGULATORY INVESTIGATIONS

OCTOBER 28TH, 8:30 A.M.-4:30 P.M.

BENARD
+ ASSOCIATES

SML
Steinecke Maciura LeBlanc
Barristers & Solicitors

What You Will Learn: Get your “honorary masters degree” in regulatory investigations. This Pre-Conference workshop will provide attendees with focused education on the most difficult aspects of conducting regulatory investigations. Through a variety of presentations, demonstrations and group exercises, attendees will be coached in such areas as:

- Investigation planning
- Interviewing techniques
- Managing evidence
- Report writing
- Testifying

Investigators from B+A and lawyers from SML are teaming up to bring their combined expertise in frontline investigations and regulatory law to workshop attendees. Delegates will receive a complete perspective on the best practices in relation to managing and conducting all types of regulatory investigations.

What Topics Will Be Covered?

This program will focus on the key principles of practice that cross all jurisdictions and are applicable in any setting. Investigation managers face difficult decisions in prioritizing cases and allocation of resources, while frontline investigators are challenged with providing an accurate and complete investigation product. No matter what your role in the investigations process, this workshop will provide concrete strategies and methodologies for achieving success. This session will help you meet your mandate to protect the public through fair, balanced, and efficient investigation processes.
